PRE-UNIVERSITY	Central Board of Secondary Education, Kendriya Vidyalaya , Mysore PERCENTAGE: 95.0%
HIGH SCHOOL	Central Board of Secondary Education, Kendriya Vidyalaya , Mysore CGPA: 10.0/10

WORK EXPERIENCE

AUG - DEC 2017	Team Member - Operations at AIESEC INDIA Worked for OGX (Outgoing global exchange) team, operations at AIESEC in Mysore, from Aug 14th 2017 to Jan 30 2018. This was a volunteering role that helped me grow both personally and professionally, as the very basis of AIESEC is to empower youth and to fulfil their leadership potential.
SUMMER 2017	Summer Internship at CLICKCODE MEDIA, MYSORE Worked as a junior application developer for 9 weeks at a Digital Marketing Startup, ClickCode Media from May 24th 2017 to July 31st 2017. This internship gave me an opportunity to enhance my team working, communication skills and gain knowledge.

PROJECTS

JAN - APR 2018	Facial Recognition - Convolution Neural Networks Designed and trained a CNN model, to detect and recognise faces using neural network methodologies. Used Local Binary Pattern (LBP) for facial feature extraction and used this as input to train CNN. Achieved 99% accuracy in the recognition.
AUG - NOV 2017	EasyWeb Editor (WYSIWYG) Developed a SaaS based web designing toolkit that provides a realtime preview of HTML, CSS and JavaScript code. Also known as a What you see is what you get Editor, it aids in teaching/learning web development.
JAN - APR 2017	ABox - An encrypted black box, to store sensitive information (Personal) Engineered a Python based password management tool, as a personal project to encrypt and store passwords/other sensitive data. The key task here was the creation of an innovative encryption algorithm, which is unique to ABox and enhances its security aspect.
